Run R0001 · 100 cards · card 4.5 × 2.75 in (114.3 × 69.85 mm) · 1/8 in bleed · kiss cut 1/8 in outside the fish · fish 102.0 × 51.0 mm · sponsored by Shattered into Beautiful Podcast

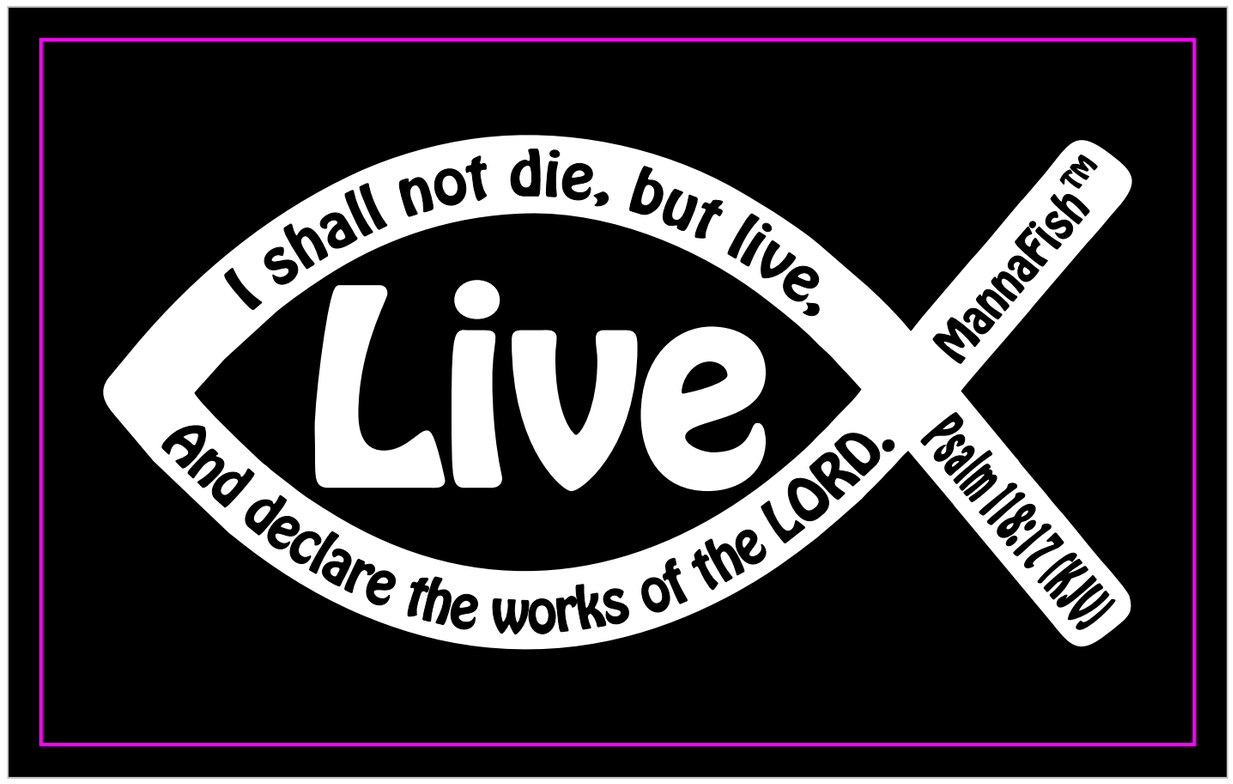

1 Decal · clear vinyl, white ink only

White ink where the fish is white. The letters and everything else stay clear. Blue line: kiss cut, vinyl only.

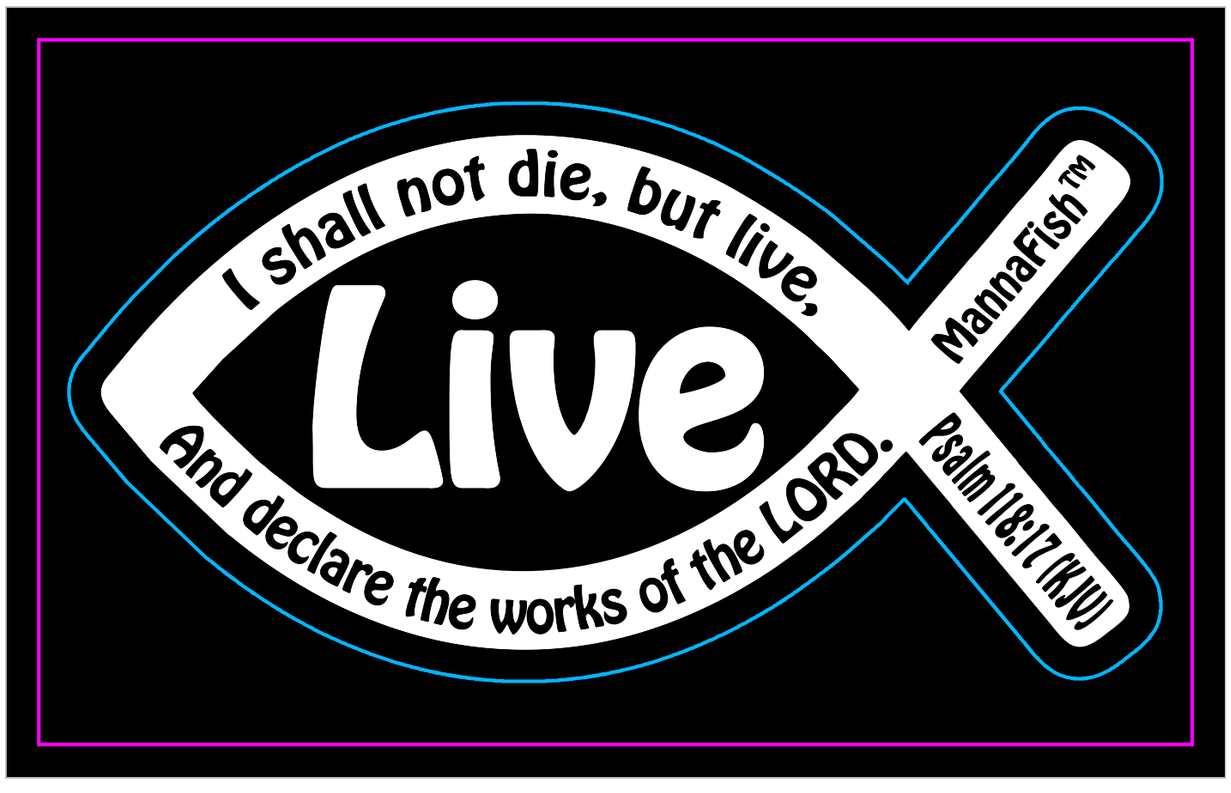

2 Front of the backing paper · under the decal

Black to the edge, the same fish in white, lined up exactly under the decal. Stays on the card.

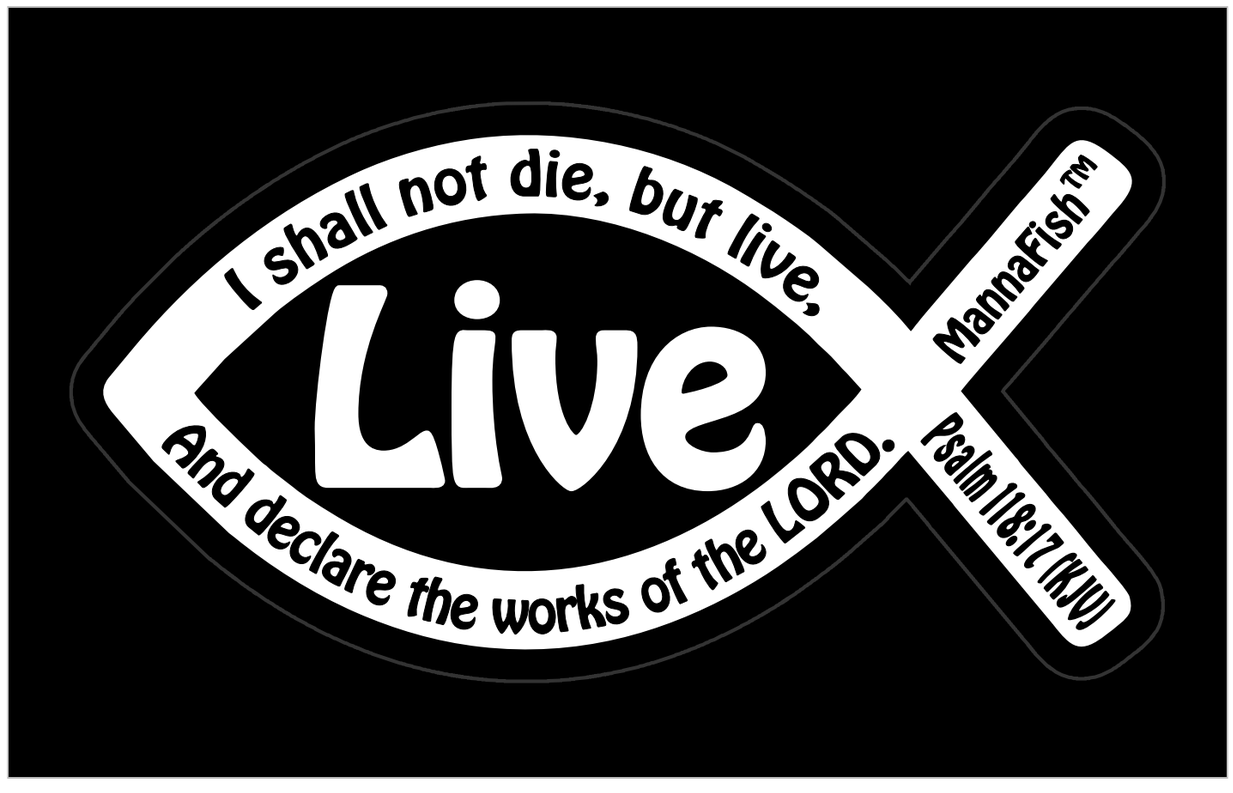

3 On the card, before peeling

The decal over layer 2: a white fish with readable letters on black.

4 After the decal is peeled off

The white fish on black stays on the card. The clear vinyl left outside the cut still shows black.

5 Back of the backing paper

Reads upright when the card is turned on its side. Pink: the card edge.
